

# PRAKASH HERAMIL

RIVERSIDE, CA | 951-505-1247 | pheramil@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

## SUMMARY

---

Motivated Full-Stack software engineer proficient in using Javascript for frontend and backend programming, React, HTML, CSS, API implementation, Node.JS, Express, PostgreSQL, and frameworks like Bootstrap.

## TECHNICAL SKILLS

---

**Frontend:** HTML, CSS, Sass, Bootstrap, JavaScript, React

**Backend:** Node.js, Express.js, RESTful APIs, SQL, PostgreSQL, ElephantSQL, Knex

**Tools:** Jest, Mocha, Chai, Git, GitHub, Postman, NPM, VSCode, Heroku, Vercel, Render

**Design:** Adobe Creative Suite, Affinity Suite, Figma

## EXPERIENCE

---

### *Thinkful*

#### Software Engineering Student

Online

June 2022 - December 2022

- Learned industry best practices and development standards focused on the PERN stack, including Javascript, HTML5, CSS3, React, Node.js, PostgreSQL, Express.js, RESTful APIs, and algorithms.
- Developed and deployed mobile-first applications while learning new languages and frameworks, spending several hours a week in a collaborative environment, learning, and code reviewing from senior web developers and mentors.
- Produced professional projects with application testing from concept to completion including:
  - *Decoder Ring* | [Link](#)
    - Built to be an encryption/decryption application to communicate and read top-secret messages.
    - Technology: JavaScript ES6, HTML5, CSS, Bootstrap
  - *Flashcard App* | [Link](#)
    - Constructed an application that allows users to create and modify flashcards for study
    - Technology: Bootstrap, React, React Hooks, React Router
  - *GrubDash* | [Link](#)
    - Developed the functionality for an application that allows users to order and modify their meals from various restaurants
    - Technology: React, Node.js, Express, Knex, PostgreSQL, CRUD API
  - *Restaurant Reservation App* | [Link](#)
    - Assembled a restaurant reservation application that allows users to reserve and modify their reservations
    - Technology: React, Node.js, Express, Knex, PostgreSQL, CRUD API

### *Black Girls Code, IBM*

#### Freelance Graphic Designer

Remote

May 2021

- Developed three mockup designs for IBM's and BGC #CallForCode Challenge.
- Coordinated with Jordan Powell, a UX and Design Lead at IBM, and Yolanda Rabun, Senior Counsel for IBM Executive Research, for feedback on the designs' overall composition and message.
- Envisioned and developed graphic designs, resulting in over 100 user "likes" on the official IBM Developers LinkedIn Page, including from notable personalities such as Chelsea Clinton | [Link](#)

## EDUCATION

---

### *Thinkful*

#### Certificate, Software Engineering Immersion Program

Online

June 2022 - December 2022

### *La Sierra University*

#### Bachelor of Science, Marketing

Riverside, CA

June 2018
